ESC-SCREEN PRINTING MACHINERY SECOND-HAND FULLY-AUTOMATIC SCREEN PRINTING MACHINES

Machine / Description	Format	Info
<p>Multiformula 2 colour screen printing line with manual material feeding (or automatic sheet feeder), high print output and optimum register accuracy, suitable even for rigid material up to 7 mm, in very good condition</p>	<p>max. printing size 920 x 1260 mm</p>	<p>E-Mail Inquiry Picture PDF - Info [627 KB]</p>
<p>Flatbed screen printing line Serifast 4-fold gripper system with HTB-feeder, UV-dryer and automatic stacker</p>	<p>max. printing size: 1000 x 1400 mm</p>	<p>E-Mail Inquiry Picture</p>
<p>Platematic fully-automatic high-precision machine for screen printing on circuits, glass and similar material, with automatic stack-type feeding, fine registration in the print station and automatic transmission, pre-registration section, graduations</p>	<p>max. printing size 500 x 500 mm</p>	<p>E-Mail Inquiry Picture PDF - Info [462 KB]</p>
<p>Progress 700 fully-automatic cylinder screen printing machine with Mirus F II front pick-up sheet feeder</p>	<p>max. printing size: 700 x 1000 mm</p>	<p>E-Mail Inquiry Picture</p>
<p>Progress 930 fully-automatic cylinder screen printing machine with Mirus H/L II combi-type sheet feeder</p>	<p>max. printing size 920 x 1320 mm</p>	<p>E-Mail Inquiry Picture</p>
<p>Sakurai fully-automatic cylinder screen printing machine with rear pick-up sheet feeder</p>	<p>max. printing size: 700 x 1000 mm</p>	<p>E-Mail Inquiry</p>
<p>Progress 1150 fully-automatic cylinder screen printing machine with Mirus HS/II combi-type sheet feeder in state-of-the-art design, 4-column system equipped with all optional extras, covered by guarantee for value as new</p>	<p>max. printing size 1000 x 1500 mm</p>	<p>E-Mail Inquiry Picture</p>

Progress 571 fully-automatic cylinder screen printing machine with Mirus pick-up feeder	max. printing size: 530 x 760 mm	E-Mail Inquiry Picture PDF - Info [104 KB]
Progress 571 fully-automatic cylinder screen printing machine with Mirus FI front edge pick-up feeder on commission base	max. printing size: 530 x 760 mm	E-Mail Inquiry Picture PDF - Info [104 KB]

SECOND-HAND 3/4-AUTOMATIC SCREEN PRINTING

Machine / Description	Format	Info
Colorgrip three-quarter automatic high-precision flat bed screen printing machine with 4-fold gripper system, automatic material take-off, high printing speed, automatically and electronically controlled, ideal for rigid and flexible materials up to a width of 7 mm	max. printing size 1500 x 1800 mm	E-Mail Inquiry Picture
Serifast flatbed screen printing machine with 4-fold gripper system, manual feeding with automatic register, max. material thickness 7 mm	max. printing size: 1200 x 1800 mm	E-Mail Inquiry Picture
Serifast flatbed screen printing machine with 4-fold gripper system, manual feeding with automatic register, max. material thickness 7 mm	max. printing size: 1100 x 1450 mm	E-Mail Inquiry Picture PDF - Info [1.355 KB]
ESC-ATMACE 'S' 710/G modern three-quarter automatic precision screen printing machine, 4-column system with movable print table in prime quality and elegant design to print on rigid and flexible substrates in thicknesses of up to 20 mm, automatic material take-off to the rear.	printing size: 750 x 1050 mm	E-Mail Inquiry Picture PDF - Info [2.679 KB]
PS-Matic electro-mechanical screen printing machine with angular opening laid out with automatic material take-off to the rear	max. printing size 800 x 1300 mm	E-Mail Inquiry PDF - Info [610 KB]

EMM three-quarter automatic screen printing machine with 4-column system with movable print table, conceived for printing lengthwise with automatic material take-off	max. printing size: 1400 x 2400 mm	E-Mail Inquiry Picture PDF - Info [225 KB]
Svecia Printmaster SPM three-quarter automatic screen printing machine with manual 3-point positioning on the feed table with subsequent take-over by the gripper system, conceived for material in thicknesses of up to 4 mm	max. printing size 765 x 1070 mm	E-Mail Inquiry Picture
Svecia Printmaster SPM three-quarter automatic screen printing machine with manual 3-point positioning on the feed table with subsequent take-over by the gripper system, conceived for material in thicknesses of up to 4 mm also available as fully-automatic machine in version with feeder - upon request -	max. printing size 765 x 1070 mm	E-Mail Inquiry Picture
Svecia Printmaster SPM three-quarter automatic screen printing machine with manual 3-point positioning on the feed table with subsequent take-over by the gripper system, conceived for material in thicknesses of up to 4 mm	max. printing size 765 x 1070 mm	E-Mail Inquiry Picture PDF-Info [1.311 KB]
Svecia-Matic HS three-quarter automatic screen printing machine with movable print table; material take-off to the rear	max printing size 500 x 700 mm	E-Mail Inquiry Picture

SECOND-HAND SEMI-AUTOMATIC SCREEN PRINTING

Machine / Description	Format	Info
Movex PC high-precision flat bed machine for circuit printing and for similar material in thicknesses of up to 6 mm, with metal vacuum print table, automatic screen frame lift and adjustable squeegee angle	max. printing size 700 x 1000 mm	E-Mail Inquiry Picture
PS-Matic electromechanic screen printing machine with pneumatic squeegee change-over	max. printing size 800 x 1300 mm	E-Mail Inquiry PDF - Info [610 KB]
RKS No. 1 semi-automatic screen printing machine with pneumatic locking of screen frames and automatic squeegee pressure compensation	max. printing size 700 x 1000 mm	E-Mail Inquiry Picture

TD-Matic 4000 semi-automatic machine for screen printing on flat material equipped with planetary, rotary indexing table, indexing accuracy +/- 0,03 mm absolute Präzision auch bei Taktleistung von 2500 p/h	max. printing size 180 x 200 mm	E-Mail Inquiry Picture
ESC FAB 500 semi-automatic screen printing machine, universally usable for flat and round printing	max. printing size 300 x 460 mm	E-Mail Inquiry PDF - Info [71 KB]
ESC 800 H/E Printhead for installation in a production line	max. Printing size: 600 x 750 mm	E-Mail Inquiry Picture
Alfra Plan semi-automatic, electromechanic screen printing machine	max. printing size: 500 x 500 mm	E-Mail Inquiry Picture
Vertomatic semi-automatic screen printing machine with vertical printhead lift	max. printing size: 600 x 1000 mm	E-Mail Inquiry Picture
Vertomatic semi-automatic screen printing machine with vertical printhead lift	max. printing size: 500 x 1000 mm	E-Mail Inquiry Picture
Thieme E2 semi-automatic screen printing machine with movable print table	max. printing size: 600 x 900 mm	E-Mail Inquiry Picture
ESC Manual hand printing device D/R manual textile printer, 4 printing stations	max. printing size 500 x 700 mm	E-Mail Inquiry Picture
